

E-Commerce Applications for H-Sphere

Last Updated Friday, 07 November 2008

The latest addition to H-Sphere Plugins Productline.

This Plugin concentrates on Shopping Cart Applications.

The applications included are:

Zen Cart™

The Zen Cart™ ideals are simple:

1. keep the goals of the store owner in mind at all times
2. make everything as simple to use as possible
3. listen to and be responsive to our users
4. continue to expand the database and server options
5. strive for the perfect shopping cart

Magento™

Magento is a feature-rich eCommerce platform built on open-source technology that provides online merchants with unprecedented flexibility and control over the look, content and functionality of their eCommerce store. Magento's intuitive administration interface features powerful marketing, search engine optimization and catalog-management tools to give merchants the power to create sites that are tailored to their unique business needs. Designed to be completely scalable and backed by Varien's support network, Magento offers companies the ultimate eCommerce solution.
